## REPORT OF THE TRUSTEES OF TRUST FUNDS OF THE TOWN OF KINGSTON FOR THE YEAR 1957

---

The Town of Kingston working with the Trustees of Trust Funds started out the years work in May by going into each cemetery, trimming up the trees, picking up all the fallen limbs, pulling up bushes, raking up leaves, leveling up plots where needed, reseeding same and rolling; we cut all the grass. The cemeteries really looked nice when we were finished. Then along comes the worst dry spell that we have had in a great many years, with the result that none of the 40 lbs. of grass seed ever grew and the weeds did, so after all our work, the cemeteries looked nearly as bad as before. We will try again hoping for better weather in '58.

We have four more trust funds established this year as follows:

John Kenny Fund of \$125.00 given by Mrs. John Kenny.

Davis-Heath Fund of \$200.00 given by Mr. Howard C. Heath.

John Page Fund of \$50.00 given by Mr. John W. Page.

George B. Stevens Fund of \$100.00 given by Estate of Helen Stevens.

The return on the principal of the Greenwood Cemetery Fund in 1955 was \$49.91. By investing this money in American Tel. & Tel. Co. stock the return has been increased in 1957 to \$111.75. We are considering the advisability of making further investments of these various trust funds when the time seems right.

## REPORT OF LIBRARIAN

---

On April 11th and 25th the librarian attended workshop programs held in the Plaistow library. The two all-day meetings were devoted to library services for adults and cooperation between the schools and the public libraries. Miss Margery Stroud, State Library, explained the current state programs for helping local libraries.

In the afternoon Mrs. Rachel Sanborn of the State Library office in Exeter, described a variety of publicity techniques and discussed recent adult books.

On April 25th the program continued with a panel discussion group describing cooperation between school and library in elementary and high schools.

On October 25th a neighborhood meeting for librarians and trustees was held at the Hampton Falls library with Miss Margery Stroud as the speaker.

National Book Week was observed at the library with a Story Hour for the first and second grades from the Bakie School, accompanied by their teachers. The second grade pupils showed posters which they had made and told stories from their favorite books.

We wish to express appreciation to the following who have donated books during the year:

Mrs. John Brown, Mrs. Francis Carreiro, Miss Marion Clark, Mrs. Sidney Dean, Mrs. Clarence Gifford, Albert Hanscom, Mrs. Aaron Kalman, Dr. Floyd Moore, Mrs. Ray Paero, Miss Helen Smith and Mrs. Carl Zapf.

They were found guilty in Haverhill juvenile court and sentenced.

Respectfully submitted,

NEWELL V. PITKIN,

Chief of Police

## ANNUAL REPORT OF FIRE DEPARTMENT

---

The department responded to a total of 43 calls this year, 6 of which were out of town, and another 6 for the resuscitator.

During the past year, there has been renewed interest in the department with the addition of many new members.

Instruction in the use of the resuscitator was given to 24 firemen by Dr. Edwin Decatur, and at this time we want to extend our sincere appreciation to him for his invaluable assistance.

For the benefit of any new residents, please note that the resuscitator, for emergency use, is available to you by calling the fire department number — MI 2-5512.

A new pump on the Diamond T was needed, and the Dept. contributed \$500 towards replacing it with a new front-end pump, which has greatly increased the efficiency of the truck.

The fire well in South Kingston, which was inspected and found totally un-safe, has been completely re-built.

It was with regret that we accepted the resignation of Robert Nichols as chief, and again we'd like to express our thanks to him for all the time he gave, and the interest he had in the fire department.

We shall try to maintain an active, efficient department and your continued support and cooperation will be greatly appreciated.

Respectfully submitted,

ALFRED L. MOORE,  
Chief, Kingston F. D.

## ANNUAL REPORT OF THE TOWN PLANNING BOARD

For the year ending March 11, 1958

---

The following members make up the Kingston Town Planning Board for the year 1957.

Ernest D. Clark	Selectman
Russell B. Semple	Term expires 1961
Robert W. Wight	Term expires 1960
Richard A. E. Sears	Term expires 1959
Robert H. Andersen	Term expires 1958

At the first meeting of the board a general discussion of the duties and plans for the year, and a review of other years work constituted the business of the evening. It was decided not to hold election at this first meeting because we felt we should wait until a member to take the place of Merle Simes had been appointed. Merle Simes could not serve due to his election at the polls.

The second meeting of the board we welcomed Richard A. E. Sears to replace Merle Simes, and the election of officers elected Robert H. Andersen chairman and Richard A. E. Sears as secretary and treasurer.

Mr. Robert W. Wight was appointed to serve again as chairman of the School Planning committee, and Mr. Russell B. Semple was appointed to serve as chairman of the Town Map Committee, after deciding to continue a subcommittee form of planning.

The planning board made a study of Aerial Photographs as a means of plotting the town for future planning and it was voted to purchase a complete set

of these maps which cost nineteen dollars. The scale is 600' to the inch. It is felt that these maps will be extremely useful for the planning board, town officials and the citizens of Kingston.

It was decided by the board that each year the town should continue the opening of five roads until they could be maintained at a minimum cost to the town.

It was voted to have name identification signs on the following town roads: Newton Junction road, Wilders Grove, Hunt, Ball, Great Pond, New Boston, Powwow River, Cottage, North Danville, Marshall, Willow, Exeter, Shore, and Brentwood road. The following roads require two signs: Mill, West Shore Park, Kelly, Wadleigh, Scotland, Bartlett, Chase, Depot and Little River roads.

A great deal of discussion in regards to trailer parks in Kingston and their effect upon the town should they exist in the future took place. It is recommended by the planning board that the town of Kingston require of interested parties to comply with the regulations of the Selectmen and the Health officer under section I Chapter 165, Revised Laws of N. H. 1942.

The Planning board met with the School Committee and made comparisons in regards to last years proposal of a cooperative junior high and the present plans of an addition to the Bakie school. It was voted to support the recommendation of an addition to the Bakie school in its entirety. Many savings to the taxpayer could be mentioned but we feel the School Board is in a position to bring these out in their report.

Other subjects discussed were laid over for future work as soon as the board can give them the time required.

The Kingston Planning board wishes to express sincere appreciation for assistance given the board by members of the town.

Respectfully submitted,

ROBERT H. ANDERSEN

## REPORT OF THE KINGSTON SCHOOL DISTRICT MEETING

March 9, 1957

---

At a meeting of the Inhabitants of the School District of the Town of Kingston, qualified to vote in district affairs held in said Kingston at the Town Hall on March 9, 1957, starting at ten o'clock in the morning, the following business was transacted:

1. Leonard F. Sanborn was elected as Moderator for the coming year.

2. Bettie C. Ouellette was elected as Clerk for the ensuing year.

3. G. Austin Kemp was elected as a Member of the School Board for the ensuing three years.

4. Edmond Ingalls was elected Treasurer for the ensuing year.

5. A motion was made and passed that the salaries of the School Board and Truant Officer, and any other officers or agents of the district be fixed the same as last year.

6. A motion was made and passed that the report of the Auditors be accepted as printed in the Town Report.

At this time, a report was given by Warren Bakie for the committee which was appointed last year to continue the investigation of the need of an addition to the present school or a new building including architectural design. The other members were Dena Snow, Lawrence Cheney, Nathan Battles, and Eugene Haight. They had two interests this matter. One was for the pupils; the other for the taxpayers. He said

everyone seems to be well-satisfied with the eighth grade attending Sanborn Seminary, and they had heard very few criticisms. Mr. Bakie wanted to commend the teachers, Mr. McCormack, and the trustees for the excellent help which they have given to relieve the school situation. With the expansion program which has been announced by Sanborn Seminary trustees, the committee believed that it will be taken care of satisfactorily.

In view of the tax rate already being established at about \$70.00, it was their feeling that there should be some curtailments. They recommended continuing with this same plan. Mr. Bakie also pointed out that a pre-school child census which was made last year, showed that the present Bakie School facilities were adequate for the next six years.

7. Irving Johnson and Harry Snow were elected as Auditors.

8. It was moved and voted that the district raise and appropriate the sum of \$84,826.38 for the support of schools for the salaries of school district officers, and agents and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation which balance is to be raised by the Town.

9. Article to see if the Kingston School District would vote to petition the State Board of Education to become a part of a cooperative school district for the education of the secondary school children (grades seven through twelve) with other districts in the area including the districts of Newton, Plaistow, Danville,

Brentwood, or any two of the districts in addition to the school district of Kingston, was not passed by a secret vote of 121 "no", 51 "yes".

An auxiliary motion was made and passed that we vote on this article by secret ballot.

An amendment to this article was not passed. It provided for using the following words — (instead of the original motion starting with "any two of the districts in addition to the School District of Kingston") to read "or Plaistow and any other one district, or in the event of Plaistow's failure to vote in the affirmative, it must be Newton, Hampstead, and one of any other district in addition to School District of Kingston."

The vote on the amendment was by show of hands: "yes" 51, "no" 53.

A motion was made and passed ("yes" 68, "no" 54) to vote by the checklist.

10. Article was voided.

11. A resolution was made and passed that the School Board be instructed to consult the Board of Selectmen to consider the possibility of combining the election of School District and Town Officers, and to take what action seems advisable to them.

The Moderator mentioned that the Clerk's report would be printed in the Town Report next year. The minutes of last year's meeting were approved without reading.

The meeting adjourned at 10:15 p.m.

BETTIE C. OUELLETTE,

Clerk

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Kingston

It is with pleasure that I present my annual report to you:

It may be true that Russia leads the United States in the production of engineers and scientists. But that is only one side of the story. The other side raises many questions as to just how far education is extending among Russian youth, and how good that education is.

Does the average Russian child receive as much education as the American boy or girl? Is Russian education below, equal to, or superior to that of the American system?

A little intensive reading in this field of recent educational literature reveals that about one-third of the youth of Russia reach what compares with the upper three grades of an American high school. By contrast, in America, 75 per cent of the young people reach these grades. As for higher education, less than seven Russians of every 1,000 are receiving university training at college level.

Facts indicate that two-thirds of the Russian children are denied educational opportunities beyond the seventh grade. The reason for this denial is acute shortage of classrooms! Despite the publicity of an expanded building program, half of the 195,000 local schools in Russia are inadequate because of space shortage.

The same overcrowding is extended to the university level; enrollment has risen 110 per cent since 1940, but available space has expanded at this level only 37 per cent.

Under such conditions, tens of thousands of Russian children — the majority — are removed from local schools at about 14 years of age and sent to work. Do we want this in our schools? I don't think so!

This unfortunate group constitutes a pool of cheap, mobile labor under the guise of educational procedure — procedure that terminates in coal mines and factories.

Russia is trying to impress the world through such scientific feats as Sputnik I and II. True, Russia has increased its number of scientists, but at the expense of the majority of its citizens.

Russia is being critized by Russians for the over loading of engineering students, leaving the students little or no time for independent study.

Alexander G. Koral, a Russian-affairs specialist at the Center for International Studies at the Massachusetts Institute of Technology, stated recently that while Russia is expanding its whole educational program, chiefly to meet Communist military objectives, there is no immediate threat that Soviet education is about to match or surpass that of the United States.

I believe that much damage has been done to our educational system during the past twenty years by the disciples of PROGRESSIVE education. We are now ready for the pendulum to swing back to the essential methods and policies for our public schools:

1. Reading to be taught in early grades, with emphasis upon phonetics.
2. Cursive writing to be taught, starting in the third grade, with emphasis on drill.
3. Spelling to be taught as a subject, in conjunction with reading, with emphasis upon phonetics.

4. Basic arithmetic to be taught in the first seven grades.
5. History, civics and geography to be taught as separate subjects.
6. The essentials of grammar and the structure of English to be taught in the early grades.
7. Greater use of written essay-type examinations should be made available.
8. A reasonable amount of homework should be required, and parents should be encouraged to supervise home study.
9. Promotion should be determined primarily by proficiency.

Your school board deserves much credit in giving so much time and thought in the preparation of the budget. They have made an honest attempt to see that the budget is well proportioned for the educational needs of your children.

In closing, I wish to express by thanks to the pupils, school board, P.T.A., citizens and teachers for whose understanding, patience and kindness have made the school year one of success.

Respectfully submitted,

GEORGE P. SULLIVAN

Superintendent of Schools

## REPORT OF SCHOOL NURSE

---

To the Superintendent, School Board,  
and Citizens of Kingston:

Health practices have proceeded as usual since the beginning of the school year.

The new Bausch & Lomb ortho-rater for eye testing has proved to be invaluable. When a notice goes home to a parent requesting examination by an eye specialist, it is sent with confidence that the school test has been done under the most accurate conditions possible. Of course, when defects are found in school, it does not necessarily mean that the child needs glasses — this must be the doctor's decision.

A dental clinic was again sponsored by the P.T.A. It is a real satisfaction to me and to the parents of the children who benefit, to get these children started on the road to dental health. A dental health program by the state hygienist would provide a much needed incentive to all the children to take care of their teeth. This program can be had on request of the School Board.

Registration day was held in the spring for children entering school in the fall. About 80% of the incoming class attended.

Thanks are due Mr. Larson for his fine care of the building, and to the women who provide the elegant hot lunches.

First graders will not be admitted to school in the fall without vaccination unless they have a written excuse from the family doctor.

Thank you all for your continued support and co-operation.

Respectfully submitted,

CONSTANCE J. HUSS, R.N.  
School Nurse-teacher

## MUSIC TEACHER'S REPORT

---

To the Superintendent, School Board members, and citizens of Kingston, I submit the following report on the music activities in the town of Kingston, N. H.:

Supervisory visits to each of the grade school classes are made on a weekly basis, with one day per month allowed for office duties. Classroom lessons and teaching aids for the different teachers are provided by the music supervisor.

A Minstrel show was held in the town hall on November 19, 1957, with all the grades from the Bakie School participating. The proceeds are going towards extra music supplies for the school. A special Christmas program was presented December 20, 1957 at the school.

I wish to thank the superintendent, school board, parents, friends, teachers and pupils for making the music program a success.

Respectfully submitted,

THELMA LOVEN,

Supervisor of Music
